

YOUR FULL LINE FILTRATION SUPPLIER

*Helping You Reduce Your Total Cost of Ownership
for Filtration Products*

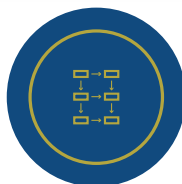

At TFS, our focus is on helping you drive down operating costs while focusing on the best mix of filtration products for maximum system reliability.

We use four principal strategies to accomplish this

Standardization

Through product standardization initiatives, TFS will help you reduce acquisition and product costs and drive inventory improvements.

Process Improvement

We will apply our thorough knowledge of filtration disciplines to protect your high-dollar equipment, while maximizing life cycles and reducing operating costs.

Technical Support

Our dedicated team of experts offers broad knowledge of filtration products and manufacturers, to ensure you have the right products for your applications.

Inventory Management

We will survey your systems to understand every product and application to the machine level, with the goal of eliminating filtration duplication and reducing overall inventory.

AIR FILTRATION

HVAC & PAINT

Pleats and Mini Pleats
Pocket and Extended
Surface Filters
HEPA and ULPA Filters
Ring and Link Panels
Rigid Cells
Permanent Metal Filters

Disposable Panels –
Fiberglass and Polyester
Auto Rolls
Gas Phase Filters
Bulk Fiberglass and
Polyester Rolls
Ultraviolet Technology

DUST COLLECTION

Dust Collection Cartridges
Dust Bags and Cages
Pleated Bags
Bag and Cartridge Collectors
Hi-Glow Leak Detection Kits
Acoustic Horns

COMPRESSED AIR

Filter, Regulator, and Lubricators
Coalescing / Separator Elements
Particulate Elements
Absorber Elements
Oil Removal Elements
Compressor Filtration –
Rigid Cell and Panel
Refrigerant and Desiccant Dryers

TFS provides filtration solutions working within six major disciplines with numerous applications.

Industries We Serve

Automotive

Aerospace

Metals

Food & Beverage

Chemical

Power Generation

Pharmaceutical

Construction and
Mining Equipment

Oil & Gas and Natural Gas

Commercial Buildings Including Data
Centers, Healthcare Facilities and Offices

LIQUID FILTRATION

LIQUID PROCESS

Liquid Bags

Melt Blown Cartridges

String Wound Cartridges

Pleated Cartridges

Strainers

Separators and Coalescers

Liquid Rolled Media

Fuel and
Hydrocarbon Filtration

Cartridge Housings
and Bag Vessels

HYDRAULIC

Housings

Filter Head Assemblies

Replacement Cartridges

Spin-On Elements

Breathers and Strainers

Sintered Metal

Indicators

HIGH PURITY WATER

Complete Reverse Osmosis Systems

Clean-in-Place Skids

Membranes and Prefiltration Elements

Antiscalant / Antifoulant Chemicals

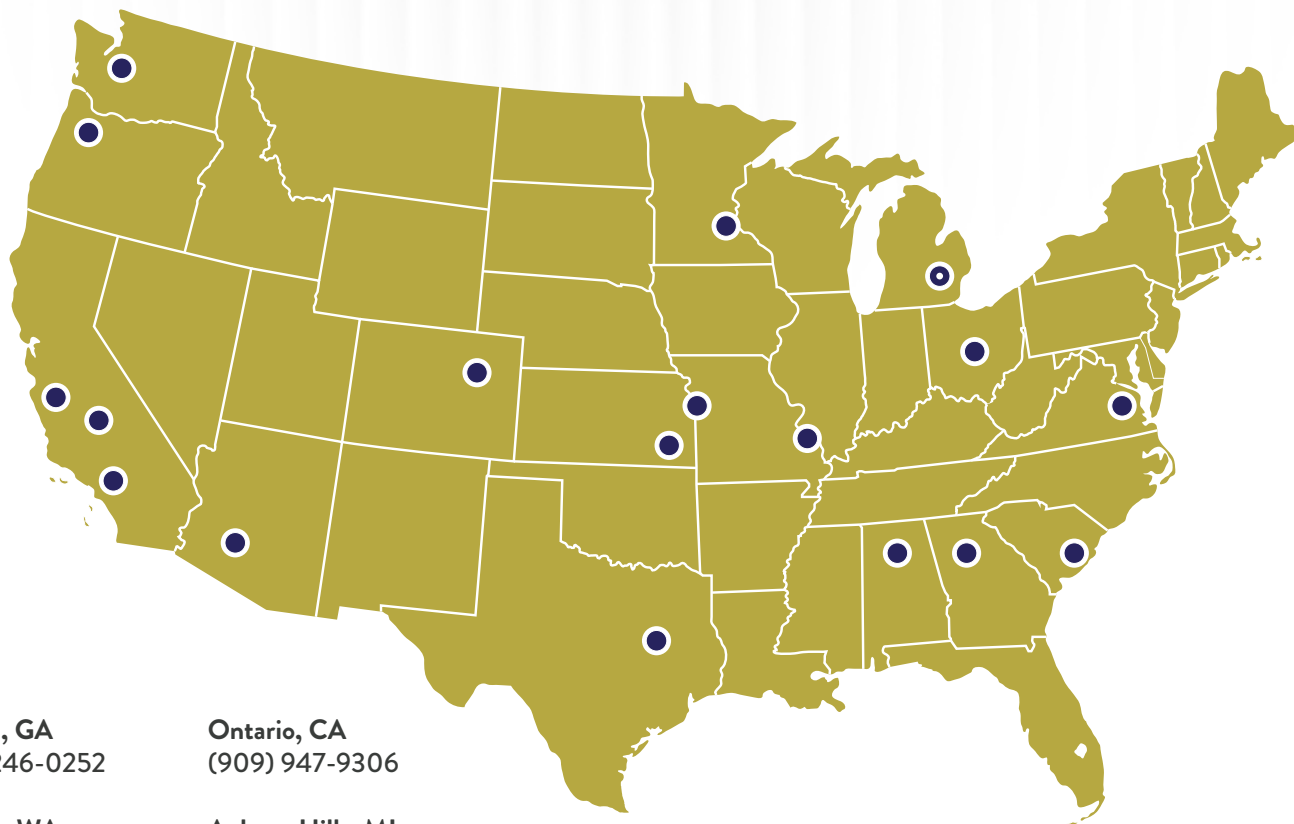

Activated Carbon and Media Filtration

Service Package Available
